

As the cases of COVID-19 continue to rise both locally and nationally, the Bridport Leisure Centre Team continue to make the safety of its Staff and Members their number one priority.

We politely remind our Members of the following:

We continue to actively encourage Members / Swim School Parents to wear face masks when in circulation / spectating areas.

Please continue to respect and maintain your distance from others where possible.

Please wipe down all Gym Equipment **BEFORE** and **AFTER** use using the sanitiser wipes provided. If a station is empty, please speak with a member of the team who will be happy to restock.

All Changing Rooms and Shower Facilities remain open, again - please continue to respect and maintain your distance from others where possible. If using the Fitness Suite, please continue to arrive 'Gym Ready'.

The Pre-booking of Lane Swimming Sessions and Fitness classes will continue to remain in place.

There will no longer be timed sessions for the Fitness Suite. Pre-booking of Arrival Slot Times using our online booking portal is preferred but not essential.

Following the launch of our refurbished Fitness Suite, all Members can now book a **FREE** Equipment upgrade appointment with one of our Fitness Team. For more information, please ask at the front desk.

If you / your child feels unwell, please do not visit the Leisure Centre until you have fully recovered.

Together, we **CAN** beat the virus and cause minimal disruptions to our Leisure Centre.
